

Inclement Weather Policy

In the Event of Inclement Weather, we will make every effort to proceed with the conference as scheduled, unless the weather's impact on participation makes it impossible to achieve our conference goals.

AISNE will monitor the weather forecast as the conference approaches. In the days prior to the event, if the forecast suggests that conditions may make travel challenging, AISNE will send out a communication alerting all participating schools that we are monitoring the weather and to expect an update on the Friday before the event. On Friday, based on current forecasts, we will provide further updates via email. All updates will also be reflected on the conference website.

If weather conditions necessitate it, a final decision to cancel/postpone the conference will be made by 5:00 AM on the day of the conference, communicated via email to all participating schools, and announced on the conference website.

Should cancellations be necessary, AISNE will manage refunds for all who purchased tickets.
