

Media & Photo Permission Policy

During the course of each AISNE conference, photographers and/or videographers will capture the spirit of the event, with a focus on major speakers and activities. We respect the privacy of all involved, and only a small number of photos reflecting the day's major events will be posted on any publicly accessible media. No students will be identified by name.

If you would prefer that AISNE not use your student's image (in photos or videos), please inform the conference leadership in writing at (eliza@aisne.org). Requests must be submitted a week before the conference. These restrictions will not apply to photos/videos of students in groups of five or more students in which no particular student is highlighted. In addition, these restrictions will not apply to photos or videos taken by other conference participants.

Consent to Use of Photo / Video / Audio:

Registration, attendance at, or participation in the AISNE High School Students of Color / AISNE Middle School Diversity, Equity, Inclusion and Belonging Conference constitutes an agreement by the registrant to AISNE's use and distribution (both now and in the future) of the registrant's or attendee's image in photographs and videos of conference events and activities.
